Summary of 2022:

The Norwegian Chinese Chamber of Commerce experienced an enthusiastic and energetic year in 2022. The main reason was the normalization after the Covid-19 restrictions in Norway, starting in mid-February. We noticed an inspiring enthusiasm through our members and friends, who participated in physical NCCC Meetings. Finally, the face to face discussions, mingling and networking was possible again.

In 2022, NCCC held a total of five Members' Meetings with topics highly relevant for our members.

Topics we have focused on at our 5 meetings in 2022 include:

- NCCC New Year Webinar: **"Norway-China Export - Outlook 2022"**
- NCCC Members' Meeting: **"GLOBAL ECONOMIC OUTLOOK - with focus on the development in China and the western world"**
- NCCC Members' Annual General Meeting: **"Chinese Style Innovation"**
- NCCC Members' Meeting: **"Current banking trends: Green Finance & Digital Banking"**
- NCCC Members' Meeting: **"China - The Global Supply Chain & Investment Outlook"**

Plans for 2023 and 2024:

The Board of Directors will continue the work in accordance with NCCC's purpose and objectives as stated in the Articles of Association. An important goal for 2023 and 2024 will be to continuously grow the membership base and expand the services offered to members. The Chamber will continue to improve the quality of the members meetings by addressing topics that are interesting and useful to the members and by ensuring that the speakers are of high quality. We will also continue the cooperation with other institutions and co-organize both business-related and other social events.

The year 2024 will be extra ordinary due to celebration of the 70 years diplomatic relationship between China and Norway. The NCCC has a goal to increase the number of the events both in the Spring as well as in the Fall. Good initiatives are warmly welcome.
